Being a Good Citizen

Sainsbury's Active Kids Vouchers

The last day for donations of vouchers is **Friday 30 June**. If you have any last minute vouchers we would appreciate them!

HELP – We need a volunteer to count them during the first week of July. If you are able to help please contact the school office.

HELP!

We have recently had a new fridge in Childcare and are hoping someone may be able to help us get rid of our old one. If you or any relatives/friends have a large vehicle and would be happy to help, please contact the school office. Thank you.

This car was spotted on Friday 9 June & 16 June parked on the zigzags at school pick up time. Please can the owner be reminded that no one should park on the yellow zigzags, it is illegal and very hazardous. Thank you.

Sponsored Swim

You will recall that children took part in a sponsored swim event in March. This was to raise money for Lakshika, the girl that we sponsor in Sri Lanka and Birmingham Children's Hospital. We are delighted to inform you that a grand total of £671.00 was raised which is to be split two ways.

On Monday, one of the Fundraisers from Birmingham Children's Hospital (a lovely lady called Tanita) came in to a special assembly to say thank you to the children.

A special mention must go to Macey in Year 1 as she wrote in to the School Council asking to raise money for the Hospital. Of the total amount, Macey and her family raised a grand total of £207.00. We are thrilled with the outcome of this event and would like to thank everyone who sent in sponsorship money. Lakshika will be given her money later this month.

FUN INDIVIDUALISED TRAINING

Test 3 Results

Well done to the following children who were the **Highest Scorers** in their year group!

Year	Highest Scorers
Reception	Maximilian & Samuel
Year 1	Archie & Ryder
Year 2	Sophie & Freya

Well done to the following children who were the **Most Improved** in their year group!

Year	Most Improved
Reception	Kara & Samuel
Year 1	Archie & Jack
Year 2	Georgia & Harri

NURSERY UPDATE

This week in Nursery has been extremely fun packed, ending in a very exciting Sports Day. Thank you to everyone who came to support the children, I am sure you were impressed with our physical skills. The children were thrilled to finally witness the arrival of three beautiful butterflies, after completing their metamorphic journey on our window sill. We have also had lots of fun learning all about different types of transport.

Next week the children will be taking part in our 'Scrapheap Challenge.' They will be designing and building their own larger-than-life vehicles in the outdoor area. Unfortunately we will soon have to bid farewell to Miss Palmer who leaves us next week to pursue her teaching career. Please come along and catch her singing performance at the Summer Fair on Friday 14 July. Finally, we would like to wish all our Nursery Daddies a very happy and relaxing Fathers Day on Sunday!

RECEPTION

Our topic 'Spots and Stripes' has got off to a 'roaring' start. We began by looking at classification of animals before moving on to focus on one particular amphibian - **the frog**. The children have enjoyed learning about the life cycle of a frog and have impressed us with their knowledge. In Maths the children have been exploring pattern and are continuing to explore teen numbers including finding one more and one less of teen numbers. Please look out for any teen numbers in the environment around you.

R1 also performed their Class Assembly on Tuesday - we are sure you will agree that they were fantastic!

The week finished with an exciting opportunity to join a live safari from the Kruger National Park in South Africa!

We spotted a herd of elephants, 2 lions, a leopard and many more exciting animals.

Next week the children will be continuing to develop their learning linked to the life cycle of a frog through the use of ICT. This learning will be displayed outside the ICT suite. If your child would like to show us what they can do at home using ICT we would be delighted to include this in our display.

Streetsbrook Childcare

This week we enjoyed a very exciting trip to Umberslade Farm! We fed baby lambs and enjoyed a tractor ride with Farmer Patrick around the field learning all about the sheep! We even went in to the chicken coop and tried to catch the chickens!

We walked around to see Jack, JoJo and of course Peppa Pig. We saw their piglets too who were very, very noisy! Can your child remember any of the other animals they may have seen? Look out for lots more photos in Childcare this week.

In this wonderful weather please can we politely remind you to apply once a day sun cream to your child in the morning and provide them with a sunhat. Throughout the session we offer lots of drinks and rest time for the children, however, please feel free to bring in water bottles if you wish.

YEAR 2

Something very exciting happened this week in Year 2! We shrunk down to 10cm tall and went on a journey on the back field... through the enormous grass, past the valley of stones and hitched a ride on a very kind snail! What a wonderful day it was! On Friday, the children wrote their own journey story inspired by the journey they took earlier this week. In Maths we have been looking at polygons and right angles. I wonder how many right angles you can find at home?

2A are very much looking forward to 2F returning from Blackwell Court! We hope they have had a brilliant time, with lots of stories to tell us on Monday!

On Thursday 22nd June, we are walking to Sharmans Cross for our Buddy Morning. If you would like to help us to walk there or back, please see the Doodle Poll link which was sent by email on Thursday.

YEAR 1

This week we have been revising and practicing our Letters and Sounds. We have been phonics detectives, making up some names for aliens and playing lots of phonics games. In maths, we have been to a 'seaside shop' and applying our new knowledge of money to buy a variety of things. The more practise we can have at spending and counting money, the better. Maybe ask your child to practise these skills at home or whilst out and about. We have also been getting creative and making a surprise for some special people that should remain hidden in book-bags until Sunday 18th June.

SCOOTABILITY

We have had lots of fun riding our scooters... and were even allowed to break the school rule of no scooters on the playground!

We learnt how to keep ourselves safe while on our scooters too. Please note there will no longer be any homework sent out. However, please keep practising spellings at home using the personalised lists that have been sent out.

Parents Reminder – A number of children in 1S are coming to school on a Friday without a full swimming kit. Please ensure your children have a costume, towel and swimming hat. Thank you
